- Do you want to take control of your career?
- Want to make sure great opportunities don’t pass you by?
- Want to know the 5 common barriers to career success - and how to overcome them?
- Want to learn a 7 step strategy for attaining your ideal career?

Planning for what you want to achieve from your career is absolutely vital to making it happen. Evidence suggests that those people who simply write their goals down are 10 times more likely to achieve them. That number increases if you develop a sound plan behind it. This workshop provides you with the tools and the opportunity to do just that.

In this workshop you will learn:

- Why Career Planning is important
- Our 7 Step Career Planning action plan - and how to apply it
- Your own unique Wheel of Life priorities and how they will influence your career choices and satisfaction
- The 5 common barriers to career success, which ones are limiting you and what you can do about them

This half day workshop is run by our experienced career specialists. Take half a day out to come along and think about what you really want to get out of your career and then take advantage of our small group sizes and experienced staff to do some planning and skyrocket your likelihood of career success.
