*"Explained things
clearly and related
well to the group"*

YOUR PERSONALITY & CAREER CHOICE - ½ DAY

- Are you engaged by what you do for a living?
- Do you find that your work is a bit of a daily grind?
- Are there things you have to do that take you ages and are not enjoyable?
- Would you like to know what sort of activities and functions your personality is uniquely suited for?
- Would you like to know your preferred work environment?
- Are you interested in the strengths and weaknesses of your personality and how it affects your career?
- Have you ever thought that "there must be more to it than this?"
- Did you just "Fall into" your current career?
- Would you like to know what career options are best suited to your personality?

Your personality affects everything that you do. The greater your level of self-awareness about what you like, what you're good at and what you're not good at helps you to make informed career choices and even to operate more effectively in your current career.

This half day workshop will provide you with:

- Your personal Myers Briggs Type Indicator - Career Report. NB: participants will need to complete the MBTI personality test prior to the workshop to get their report on the day.
- A greater understanding of how your personality affects your career choices
- Clarity about your strengths and weaknesses in the workplace - and what to do about them
- An opportunity to consider alternative career options
- Improved awareness about the 4 factors affecting career satisfaction and where you sit on each spectrum
- An opportunity to think about your dream job - and plan how to make it happen
- Tools to identify and pursue your passions

Self awareness is an essential component of an making informed career choices and decisions. People who work with, instead of against, their personality, strengths and weaknesses are often far more successful, happy and productive in their careers.

Where do you sit with your career?
